

BROOKFIELD INSIDER

APRIL 2022

E-Newsletter for the Month of April 2022

"Ambition is the path to success. Persistence is the vehicle you arrive in." —Bill Bradley.

Dear Parents,

I, welcome you to the new academic year and would like to quote Vivian Jokotade, **"I discovered that a fresh start is a process. A fresh start is a journey – a journey that requires a plan."**

As the principal of **Brookfield International School**, I believe that it is my responsibility to maintain and continue to build a supportive and collaborative spirit at our school. The power of words is that life can be launched with as little as a single phrase, an uplifting word or an act of kindness. Think of the power we wield and the impact we can make if we become more intentional about encouraging our children. Our words are often the very things that help create future dreams. As a school community, we will build great learners on the traditions and meet the future challenges in innovative and exciting ways!

"The future belongs to those who believe in the beauty of their dreams." Eleanor Roosevelt

Regards

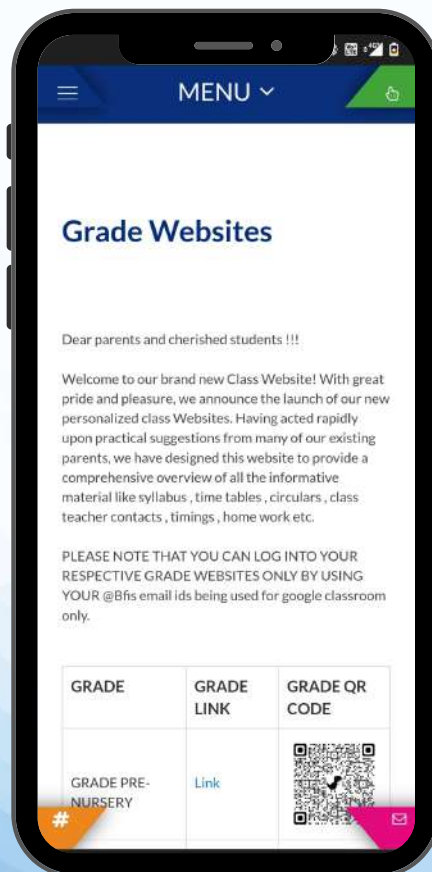

Dr Jay Kumar Singh
Founder Principal

LIVE

CLASS WEBSITE LAUNCH

Brookfield International School is proud to present an innovative website to connect with parents and the students. The website is embedded with distinctive features which will enable the parents to view the daily activities of their wards at a glance. It has the Annual syllabus, Annual Club activities, SDG Activities, Class Time Table, Yearly Planner, Weekly homework, Daily Logbook, Study Material, Class Library, School Policies, Transport Policies, Daily Circulars, Fun Fiesta, Wall of fame and a lot more!

PARENT'S ORIENTATION

The honourable **Founder Principal, Dr JK Singh**, the session was helmed effectively.

The parents were introduced to the various school platforms like Google Classroom, Class Website and Brookfield International School App. The honourable Principal Sir also provided an overview of the various subjects and the activities undertaken in the year ahead. The co-scholastic activities were also discussed, giving the parents an idea of the self-directed curriculum with hands-on learning activities that give our students a medium to fully utilize their creative talents and energies and help them in their overall development.

Meeting the Parents' needs

Brookfield International School (BFIS) organized an orientation programme from 4th-6th April 2022 for the new set of parents to familiarize them "as partners in progress" with the school's curriculum, rules and regulations, teaching methodologies, and the co-scholastic activities. Parents are the natural and significant stakeholders of the school, without whose invaluable cooperation, the student's overall development cannot be fully ensured.

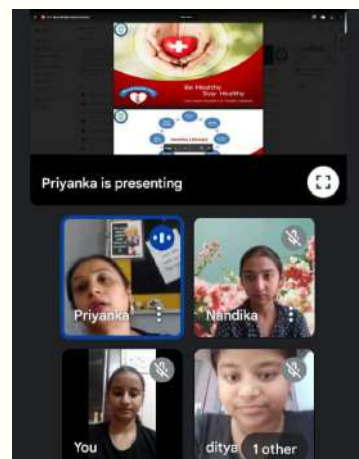

"The food you eat can be either the safest and most powerful form of medicine or the slowest form of poison."

-Ann Wigmore

Brookfield International School celebrated **World Health Day** virtually on **07th April 2022** to commemorate the anniversary of WHO's founding in 1948. This year the theme was chosen by WHO; was **Our Planet, Our Health**. The **Founder Principal, Dr JK Singh**, discussed this day's importance. Various ways of maintaining a healthy lifestyle were discussed with the students, and they were inspired to keep their bodies fit with regular exercise and eating balanced and nutritious food. The session's main focus was to provide information to the future generation about our planet and what could be done to save it. Unfortunately, an estimated one million premature deaths per year are attributable to known avoidable environmental risks.

Furthermore, air pollution, contaminated water, inadequate sanitation, including solid waste management, risks related to certain hazardous chemicals, and negative impacts of climate change are the most pressing environmental public health threats in our region. The **President, Mr Manav Singla**, motivated the students to stay healthy and fit. The motive of this year's celebration was to inspire Actions from the citizens to build a healthier world!

WORLD HEALTH DAY

WORLD HERITAGE DAY ASSEMBLY

"Our rich and varied cultural heritage has a profound power to help build our nation".

-Nelson Mandela

World Heritage Day, also known as International Day for Monuments and Sites, was celebrated at BFIS on 18th April. The World Heritage Day 2022 theme was 'Heritage and Climate' to promote conservation research and sustainable strategies to protect heritage sites. In addition, the celebration focused on raising awareness about the rich heritage integral part of our culture and tradition.

A special assembly was organized where the BFISIANS undertook several activities. The assembly included a pledge by the students to contribute their bit to preserving the rich culture, monuments & heritage sites. A quiz session was the highlight where students actively took part and got prizes as their rewards. In addition, the teachers hosted discussions on various issues related to the conservation of historical and cultural sites of importance.

WORLD EARTH DAY

Every year, **Earth Day** is celebrated in **Brookfield International School** on the **22nd of April** to remind the students of their duties towards '**Mother Nature.**' As a part of environmental education, the "**Go-Green**" initiative was taken to engage the whole school community in making a difference. It was celebrated by taking the pledge to contribute our bit & planting saplings on the premises. **BFISians** celebrated Earth Day with a Plantation Drive along with participating in various activities such as Poster Making, Picture Essay Competition and Slogan Writing.

'Invest In Our Planet' was the theme of this year's celebration. The key point is to act in a bold way, innovate broadly, and implement equitably.

BFIS ensures that its **Future Global Builders** are equipped with the proper knowledge and understanding required to keep our planet Earth healthy, happy and green as Mother earth is now urging a call to take action...Let's Make Our Ailing Planet a Hale & Healthy One!! On this 52nd anniversary of **World Earth Day**, we all reminded ourselves that we need to shift to a more sustainable economy that works for both people and the planet.

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it is the only thing that ever has."

—Margaret Mead

YELLOW DAY CELEBRATION

PRE-PRIMARY WING @ ACTION

Yellow is the colour of optimism, glory, sunshine, and happiness. It stands for freshness, positivity, intellect and joy. To enjoy and enhance the beauty and magic of yellow colour, the **Pre-Primary** wing celebrated **Yellow Day on 22nd April'2022**. The students came to school in beautiful yellow attires and the sparkle of different shades of yellow was observed in every Class of the Pre Primary Section. There was a Show and Tell activity organized for the students to develop their identification of the yellow colour. Students participated with a lot of enthusiasm and brought different toys, fruits, food, and objects to connect with the theme of the day. Yellow Bookmarks were given to the children as a takeaway for them to remember the day. Colours are indeed the smiles of nature. The Yellow Day celebration was a wonderful learning activity which helped children to sort and classify objects based on colours thereby reinforcing cognitive skills. It was a scintillating day with innocent faces gleaming and reflecting brightness, joy, love and happiness.
